

INSTRUCTIONS FOR PEER REVIEW HYPERLINKED REPORT:

1. **NOTE: In order for the hyperlinks to work, all drawings and report must remain in the same folder.** Open up **Report.PDF** under the **PEER REVIEW** folder. Although originally constructed using Bluebeam software, hyperlink will work in most PDF viewers. On the front page of the report, clicking on any of the disciplines under **“REPORT NAVIGATION”** will automatically open up that section of either the report or drawings in your pdf viewer. Selecting **“Return to Index”** on the left hand side of each section heading will take you back to the front page of the report.

<u>REPORT NAVIGATION</u>	
<p><u>REPORT INDEX:</u></p> <p>CIVIL ARCHITECTURAL INTERIOR STRUCTURAL</p>	<p><u>DRAWING INDEX:</u></p> <p>CIVIL ARCHITECTURAL INTERIOR STRUCTURAL</p>

2. All comments within our report and attached drawings contain hyperlinks to the corresponding pages. Selecting any of the yellow highlighted page numbers will take you directly to that sheet.

(RETURN TO INDEX)	PLUMBING DRAWINGS		
P0.00	1P		Symbol is AVW drawings, make congruent
	★ 2P/iA		Specs are AVW iA schedule on IA0.2 (i.e. P4 on this schedule is integral countertop sink, P4 on IA0.2 is top mount type)
	★ 3P		Provide riser diagrams
	4P		Information not found.

3. Comments marked with red stars are considered more significant by Peer Review and will be discussed during our presentation. To properly follow the links for these comments do the following:
- First – note the Item number next to the red star and click on the hyperlinked drawing number at the head of the column for that comment. This will take you directly to that sheet.
 - Second – Find that numbered comment on the referenced drawing and review the comment and drawing to see what the issue may be.
 - Third – Click on the blue sequence box containing the item number to return back to the original page in the report. Note that not all sequence boxes are linked, only the ones for the red starred comments.
 - Fourth – You’ll notice that some comments reference a discrepancy with another drawing and will contain another linked page number. Follow that link to the next page to see what the discrepancy may be. To return to the report, back track by clicking on the drawing number contained in the comments on the second page to take you back to the first page. Then follow the instructions in “c” above.

EXAMPLE:

Sheet	Item/Disp.	Comment	Notes
	7A	AVW Detail G/A3.5.8 - dim vary	
A3.5.9	1A	AVW each other	
	2A	Provide dim	
	3A	Graphic does not match Detail D.	
A3.6.1	1A	This is a very small area to hang and finish drywall. You may want to rethink the layout/size of this closet.	
	2A	AVW each other	
	3A	Provide dim	
	4A	AVW Detail G/A3.6.2	
A3.6.2	1A	C1H @ Level 2	
	2A	C1 @ Level 3-6	
	3A	AVW Detail 1/A3.6.1 - dim vary	
A3.6.3	1A	Dim is AVW A4.3.6B (15' 5-1/2"?)	
	★ 2A	AVW 1/A4.3.6B - door 4B not shown and window in different location.	
	3A	AVW Detail A/A3.6.4 - dim vary	
		AVW Detail B/A3.6.4
